

# 2014 Community School Survey

Thank you to the 91 families who responded to our online survey. We value your opinions and appreciate your input. Our School Board and Staff have spent time analysing feedback from the community, staff and students. Overall, the feedback is extremely positive and endorses the direction and well established processes run in our school. The questions asking for comment provided insight and raised some common issues.

Our School Board has reviewed all responses and formed an Action Plan to address issues raised.
