

School Board meeting 7th September 2020

The School Board had a productive meeting on Monday 7th September. We were delighted to hear that the Year 6 school camp went smoothly and that our Year 6 students showed resilience and enthusiasm in tackling the activities they were challenged with.

The Board undertook a number of endorsements including the 2021 Voluntary Contribution and the Booklists for 2021, noting that our teachers have done their best to keep costs to a minimum. The Board endorsed the School Development days for 2021, once again aligning the School Development days with public holiday long weekends to give families the chance to enjoy some downtime together.

The School's SunSmart policy was also endorsed. Mr Miller advised the Board regarding On-Entry testing and how Bannister Creek compares favourably to like areas. Mrs Macauley updated the Board on the progression of business planning, which the Board has contributed to. The next meeting of the Board will be held on Monday 2nd November. Observers are welcome.

Liesl Ludgerus,

School Board Chair
